

## Private Gymnasium Preparation for ZAP 2026 for 6th, 8th & 9th Grade

Thank you very much for your interest in our private preparation program. We are pleased to present the following proposal for one-on-one lessons in German and Mathematics, designed to prepare students in a structured and efficient way for the Gymnasium entrance exam.

### Approach

The program is divided into three phases:

1. Foundation – building the basics in German and Mathematics.
2. Practice – applying knowledge through numerous exercises.
3. Exam training – practicing with original past entrance exams.

We use the textbook set YONDY, which provides step-by-step explanations, a wide variety of exercises, past exams, and solution keys. Students can therefore review and correct their work independently at any time.

Since the teaching is highly individualized, usually 14 × 60 minutes per subject are sufficient. Lesson times are arranged flexibly in direct agreement with the teacher.

- Students may contact the teachers outside of regular lesson times with homework questions and can expect a prompt response.
- An initial placement test (diagnostic assessment) as homework with correction and feedback.
- Participation in our official simulation exam incl. correction and feedback (January 17, 2026, at Kantonsschule Büelrain in Winterthur).
- Individual holiday study plans (autumn, Christmas, and sports holidays) for independent practice.

### Conditions

- Flexibility: Families may decide weekly whether to continue lessons. A monthly invoice for the lessons taken will be sent by email. The placement test and simulation exam are only offered free of charge if the program runs as scheduled until the exam.
- Lesson report: After each session, parents receive a short report via email summarizing lesson content and learning behavior.
- The lesson schedule and location can be arranged according to your family's preferences – whether at home, online, or in a public library. Cancellation policy: Lessons must be cancelled at least 24h in advance, otherwise the full fee is charged.

### Next Steps

If you are interested in a private one-on-one setting, you are welcome to proceed as follows:

**Option 1:** Book an appointment for a personal consultation via the [this link](#).

**Option 2:** Send an email request with the key details (grade, available time windows, desired start date, preferred lesson location, child's first and last name) to [lerne@lerne-gerne.ch](mailto:lerne@lerne-gerne.ch)

We would be delighted to support your child on their journey towards the Gymnasium and are always available for any questions.

Warm regards,

Lerne Gerne Team
